Karin M. Jansson, MASTERCARE
4475 US 1 South #106
St. Augustine, FL. 32086

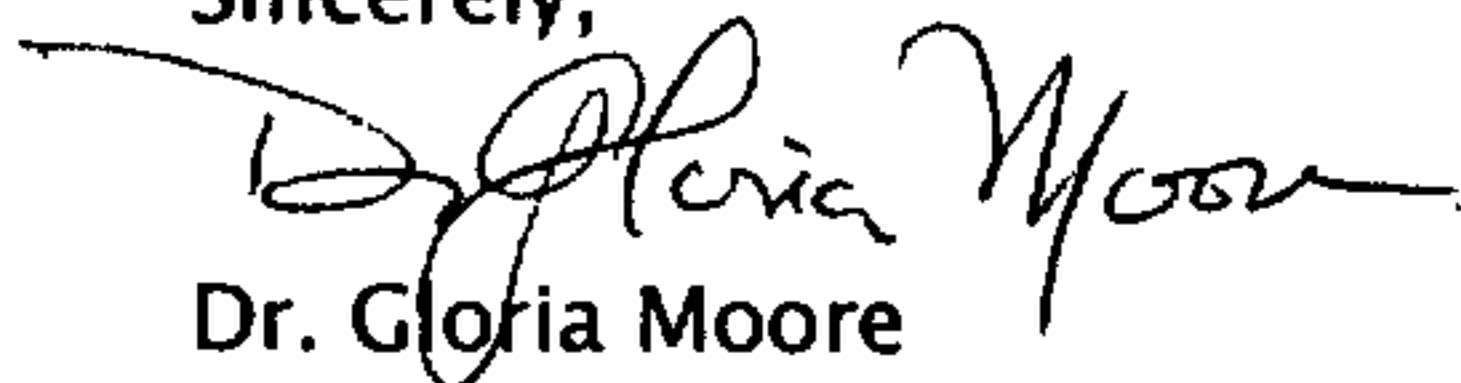

Dear Karin,

We have enjoyed using your Mastercare Back-a-Traction table in our office. Some of our most sever cases have found they could exercise without pain on the inversion table. It is a comfortable traction table that unloads the spine. After simple instructions patients are able to use the table on their own.

We primarily use the inversion table for traction. Our patients find it easy to adjust to their height and operate on their own. For some chronic disc cases it is a most effective palliative treatment.

Thank you for an excellent product.

Sincerely,

Dr. Gloria Moore
