Dear Karin,

Just a note to let you know that I have been using the Mastercare system for the past three years and have found it to be a very effective product for low back cases. Actually I have personally used the machine to help rehabilitate my own herniated disc.

I would highly recommend inversion therapy of this type especially for the safety factor in patient use. I believe you've got a "hit".

Keep up the good work.

Sincerely,

Dr. Lee Rangel
